HAIRSTYLIST
Tracy Cunningham

STAR
ATTRACTION
Renée Zellweger

QUICK
FIX

For hair that glistens even without powerful on-set lights, "ultra-light and not at all greasy" **Byron Illuminating Mist** gives finished styles a "shiny, perfected look."

EVENING
NEWS

Practically invisible, **Blax Snag-Free Hair Elastics** "securely anchor the base of an updo—guaranteed," Cunningham says. "And they won't tear strands when you let your hair down."

CROWD-
PLEASER

To maintain Nicole Richie's quick-change color, Cunningham sends her home with **Dr. Hauschka Neem Hair Oil**. "Apply it the night after processing," Cunningham says. "The oil seeps into cracks in the cuticle, leaving hair shiny and healthy."

CURRENT
OBSESSION

With an "easy-to-hold cork handle" that makes it "superlight," **Ibiza's Anti-Static Brush** is ideal for Cunningham's marathon styling sessions.

"**ABBE LANE** was a very exciting and beautiful '70s movie star with wild red hair," Cunningham says. "She was voted too sexy for Italian TV!"

HAIRSTYLIST
Kevin Ryan

STAR
ATTRACTION
Hilary Swank

QUICK
FIX

Thirty seconds before stars run out the door, Ryan smooths strands with **John Frieda Frizz-Ease Hair Serum**, which "doesn't weigh hair down and gives a high-shine finish."

EVENING
NEWS

Extreme close-ups require **Rsession Tools Root Control**, a straightening iron with a built-in comb that "cleans up stubborn curls and frizz around the hairline and creates superstraight bangs," Ryan says.

CROWD-
PLEASER

For believable bounce that "looks naturally full, not product-laden," Ryan sprays all of his clients' roots with **Aveda Volumizing Tonic** before blow-drying. "It gives great lift and won't leave hair stiff or sticky."

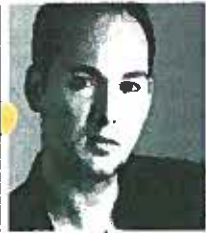

CURRENT
OBSESSION

Ryan uses **Kimble Shape and Hold Spritz** on every client, including Swank. "The end result is great hold, but it also maintains hair health with moisturizing plant extracts."

BRIGITTE BARDOT in *And God Created Woman*. "Before Bardot, hair was typically well-structured," Ryan says. "Her loose, sexy style exemplifies big hair before it goes bad."

HAIRSTYLIST
Nathaniel Hawkins

STAR
ATTRACTION
Paris Hilton

QUICK
FIX

"A few spritzes of **Psssst Instant Spray Shampoo** make hair look freshly shampooed, but with second-day texture and volume," Hawkins says. "I never leave home without it."

EVENING
NEWS

Hawkins says the "workable" **Texture Expert Infinium by L'Oréal Professionnel hairspray** is an updo essential. "It holds hair all night, but doesn't make it look shellacked."

CROWD-
PLEASER

Some A-listers abuse their hair just like their VIP status. Hawkins sprays damp strands with **TRESemmé Thermal Creations Instant Heat Tamer Spray**, a vitamin-enriched mist that "works with any texture" to "minimize damage."

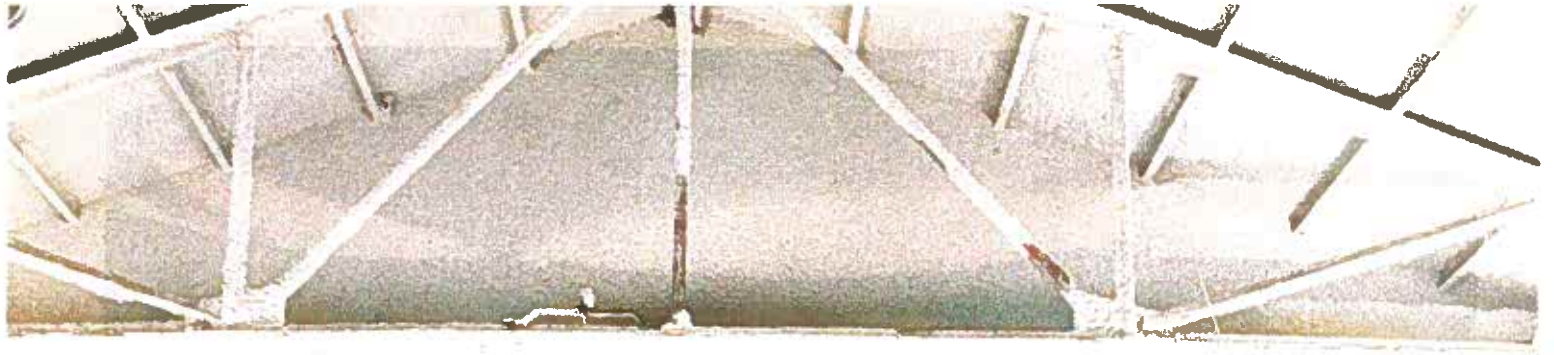

CURRENT
OBSESSION

Hawkins gives overprocessed clients a homework assignment: weekly 15-minute **Ojon Restorative Hair Treatment masks** to "make even the most tortured strands soft, shiny, and beautiful."

JACLYN SMITH'S feathered *Charlie's Angels* style changed Hawkins' life. "There seemed to be a wind machine behind her," he says. "It taught me that hair should always have movement."

Satin halter dress with patent leather belt, **Ralph Lauren Collection**, \$1,755, at select Ralph Lauren stores. Diamond bracelet set in platinum, **Chopard**, price upon request. Black patent pumps, **Yves Saint Laurent**, \$660. For details, see *Shopping Guide*.

Hair by **Kevin Ryan** for **R session Tools**; makeup by **Romy Solemani** for Chanel; manicure by **Luna** at le-Departement for M.A.C; fashion assistants: **Annie Ladino** and **Nirave Sanchez**.
